Muhammad V University Muhammad V University

Thursday, 23 December 2021

09:30 AM - 15:00 PM (Rabat Time)

Webinar

ABS Award Ceremony

Agent-based simulation (ABS) is a valuable tool for studying complex phenomena and developing practical solutions.

Over the past 25 years, ABS has been applied in a variety of fields, including science, engineering, management, business, economics, and finance.

This ABS Award aims to inspire young researchers across the world to use and apply ABS to various aspects of Islamic economics and finance.
